The new printer Famjet Dk Plus has been designed to drive up to 4 Hp® pens and print on porous, semi-porous and non porous materials. The simple Android touch screen control menu is easy to navigate, making message creation nice and easy. It is possible to have variable data with automatic dates and counter fields, logos and barcodes. The printing resolution, up to 750 dpi, provides excellent barcodes and logos readability, including 2D codes.

hp Inkjet Technology

The swing Brackets ensure always top print quality even in difficult installations. Compare with Piezo technology disposable 42ml cartridge provides always a brand new printhead in the system. The daily maintenance is very simple and easy to make.
