ITW Challenger®

Quality Hot-Melt Parts

ITW Challenger

ITW Challenger® is a product line of quality hot-melt parts that are created by ITW Dynatec™, a manufacturer of hot-melt adhesive application equipment. The mission of ITW Challenger® is to offer OEM produced high quality new parts at low prices with local support worldwide.

You now have an alternative to high priced hot-melt parts without having to settle for questionable aftermarket parts quality. As a major hot-melt adhesive equipment manufacturer OEM, we have the required expertise to design and manufacture hot-melt replacement parts that you can rely on to meet your production requirements.

All ITW Challenger® quality parts are new parts not reconditioned or rebuilt old parts. The hassle of returning the old part is not required to receive the low ITW Challenger® price. In addition you have the benefit of a worldwide network of local distributors and service technicians. Now, instead of just buying parts, you can have the peace of mind of local sales and distributor support worldwide.

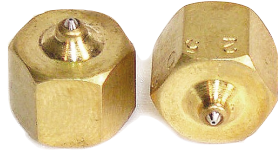

We are confident that after you have experienced the ITW Challenger® quality and price that you will continue to purchase additional parts from the ITW Challenger® Quality Hot-Melt parts selection. If you have any questions or can't locate a part please give us a call...we'd love the opportunity to serve you.

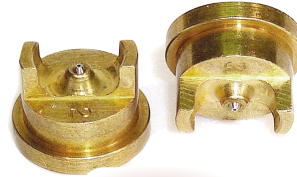

All ITW Challenger® quality hot-melt parts are new parts not reconditioned or rebuilt old parts. The hassle of returning the old part is not required to receive the low ITW Challenger® price . . . shown below are examples.
